Sign up page

Registered

Information required at registration.

Who are you?

☐ School

☐ Student

☐ Company.

Next

⇒ After choosing who is registering, redirect to the proper ~~the~~ page.

School register form

Name

Location

Email

Phone no.

...

More info will be required later.

⇒ email domain

Student register form

Name

Surname

School

Email

+355

More info ...

⇒ graduation year, cv, etc.

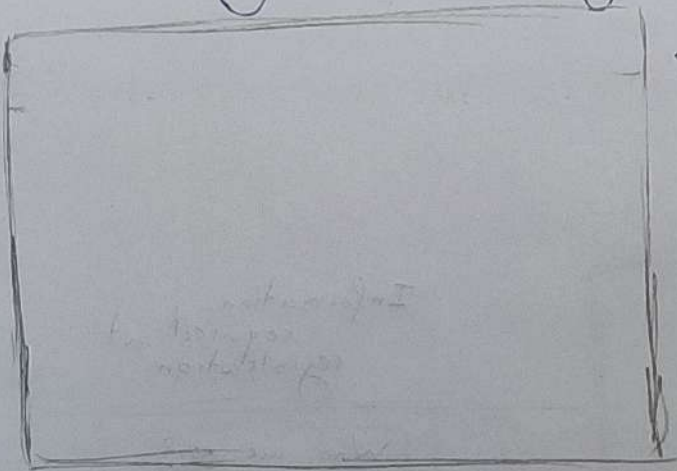

Business registration form

Form fields:

- Name
- Location
- Email
- +353
- ☐ More info...

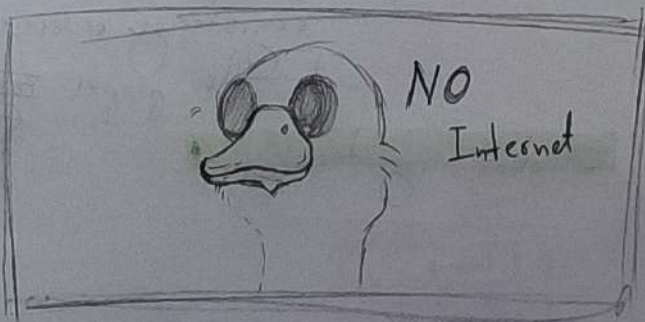

⇒ portfolio, domain??, etc.

Home - page // before log-in, sign up

• Not a lot of interaction,
just giving small info
what this page is about

No Internet connection page

Loading page between actions

Student profile page Δ that the student's sees.

Other users see the same thing but with out Application or Edit.

when clicked shows student's ~~profile~~ portfolio or CV

Student Profile page Δ when editing.

What does more Info have?
Only God or Savoie knows

Portfolio editing.

It either asks the user the type they need or it gets assigned automatically through degree

Switching from page-page
not decided.

University Page

Maybe instead of ~~Portfolio~~ portfolio
add offers

△ Like on the student
Page, the user can see the
same thing except
Edit and applicant's

University Page when editing.

University Page - the applicants -

	Go Back			Approve	
<input type="radio"/>	1	view	<input type="radio"/>	<input type="radio"/>	
<input type="radio"/>	2	view	<input type="radio"/>	<input type="radio"/>	
<input type="radio"/>	3	view	<input type="radio"/>	<input type="radio"/>	
<input type="radio"/>	4	view	<input type="radio"/>	<input type="radio"/>	
<input type="radio"/>	5	view	<input type="radio"/>	<input type="radio"/>	
<input type="radio"/>	6	view	<input type="radio"/>	<input type="radio"/>	

Bussines Page

Like on the previous pages, the user can see the same things without the edit and applicant's options

Bussines Page

-edit mode-

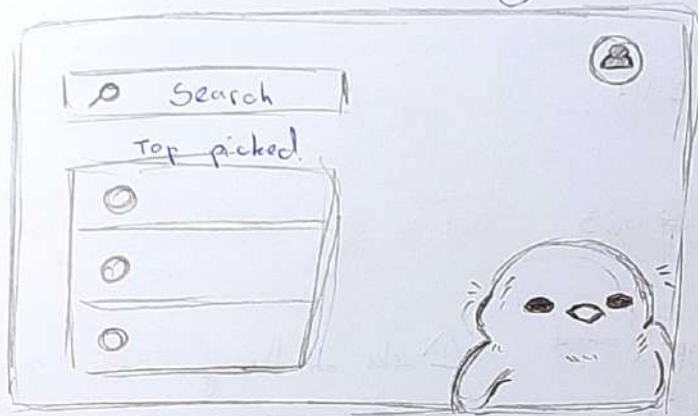

if clicked it shows info regarding that opportunity

Bussines Page

- applicants -

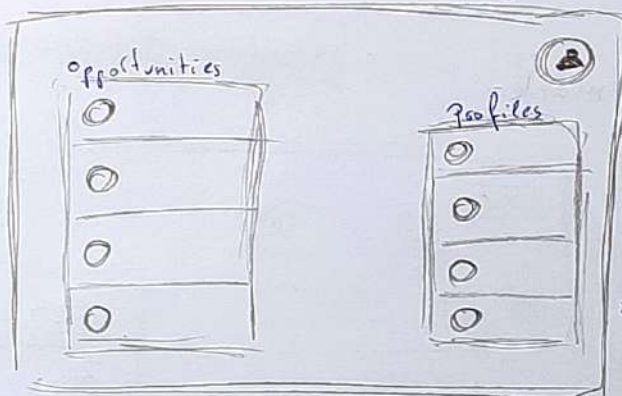

// same as uni

Student home page.

Ⓐ → student profile, icon
if pressed, leads to profile

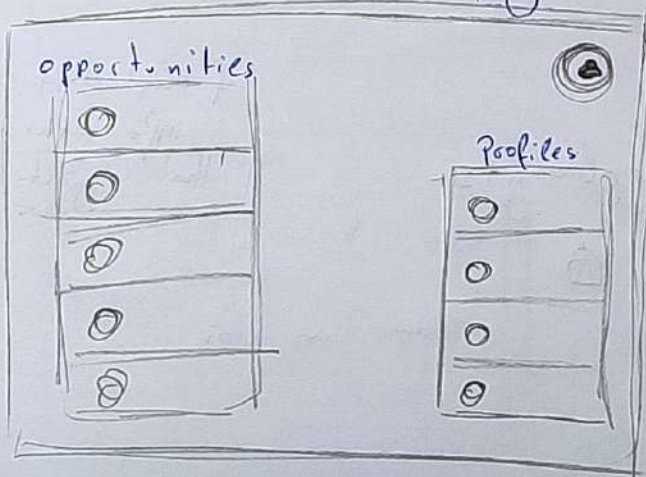

Business home page

⇒ not sure if needed on Business

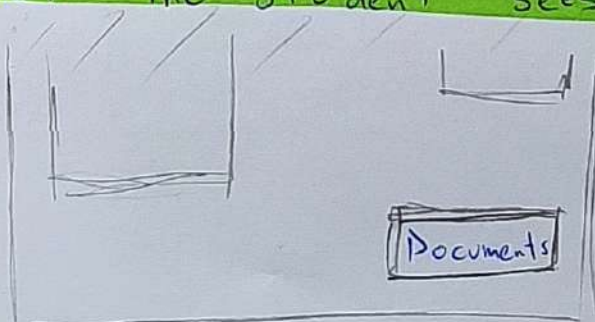

⚠ profiles, are users that use the same domain email as the ~~mother~~ company or uni.

University home page

⇒ they might be student's.

What the student sees at the company or Uni page - when accepted.

At the bottom of the page they can require documents
professional practice

Student Document request

upload work diary

- start of professional practice
- signed work diary
- Review of work
- All documents.
